

Valencia, Spain, 25th June 2010:

AUTOGLYM PARTNERS WITH STATUS GRAND PRIX

Status Grand Prix is delighted to announce an agreement with Autoglym, the UK's leading producer of premium car care products, to be an Official Technical Partner of its GP3 Series team.

The extensive range of Autoglym car cleaning and finishing products will be used by the team to prepare its Dallara-Renault GP3 cars to the highest levels of presentation. Status GP's cars will also carry the company's famous red logo throughout the 2010 season in the Formula One support race series, starting at this weekend's European Grand Prix in Valencia, Spain.

The quality and ease-of-use of Autoglym's product range will allow Status GP's race team to complete their race cars' presentation in a rapid timeframe, a vital factor in the high-pressure zone of professional single-seater racing at Grand Prix events.

For 45 years, Autoglym, based in Letchworth in the UK, has set standards by which all other car care products are judged. Its products are to be found in all areas of automotive activity and are as equally suited to the professional user, the concours competition enthusiast and the family car owner. Autoglym holds two Royal Warrants of Appointment, enjoys technical approvals from many leading automotive manufacturers and is proud of its close associations with countless car owners' clubs.

"The Autoglym name is synonymous with high quality car care and vehicle valeting products around the world, and Status GP is proud to be a part of its motorsport activities," said Status GP team principal Teddy Yip. "Autoglym's dedication to excellence and innovation fits perfectly with the standards we set ourselves as a race team, and we look forward to a long partnership together."

Paul Caller, CEO of Autoglym said: "We strive to deliver the very best car care products, investing in extensive research, conducting gruelling testing procedures and employing world-class manufacturing techniques. We also recognise the importance of associations in top-flight motorsport and I'm delighted to be partnering with Status GP, a team – like ours – which exhibits such a focused and passionate dedication to its activities."
